delight each and every one. The grounds alone are a delight because the location has been planted with such beauty and cared for so well. The rhododendrons in bloom are a sight that can truly be described as magnificent. Each tree and bush is marked with its name. Centerpiece for the complex is the Shaker Round Barn where the carefully restored cars are displayed on two levels. The cars we photographed are just for a teaser to entice you down to see them all. They span the full range of United States auto history. Many of the oldest have long since disappeared from production but each is a handcrafted masterpiece up until the time of the Model T. These cars are the cream of an industry and each is a prime work of art gleaming as if about to be delivered for the first time. The Military Museum houses a fascinating collection of flags, guns and 2000 hand painted lead soldiers. The Windmill is in action when the wind blows and allows a close inspection of the gears and grinding stones. The carousel is a nostalgic trip for the older riders and a constant delight for the younger ones. When that trip is over, this same building has exhibits of early tools, folk arts, Currier & Ives prints and a changing exhibition.

The Heritage Plantation is a trip into beauty - both natural and manmade, and carefully preserved in the peak of perfection. We urge anyone who hasn't been to go. It's one of the finest of its kind anywhere.

1983 EXHIBITS AND EVENTS

Exhibits for the 1983 season through October 16th are:

"Images of the Land: 200 Years of Landscape Painting in Northeastern America" in the North Gallery Wing of the Arts & Crafts Building.

"Automotive Art" in the Lower Rotunda Gallery of the Shaker Round Barn.

"The Rockets' Red Glare: An 1812 History" in the Military Museum.

This Sunday, June 26th, the Lexington Minutemen will perform at 1 and 3 p.m.

Selectmen's Meeting

CABLE TV

Mort Zajac and Sandra Crampton of the CATV Committee conferred with Selectmen on developments as the American Cable Systems works out an agreement prior to purchase of the Bay Cable TV system. The Selectmen are still engaged in talks with the American Cable representatives and have obtained a commitment to install cable in the remaining areas of town (approximately 18 miles) not now tied to the system. These areas are Aucoot, Point Connett, Brandt Island, Mattapoisett Neck and Crystal Spring Road.

The new company according to Selectman Frank Suzan has an excellent reputation and the Selectmen believe they will complete these areas within 6 months of taking over. They will sign the purchase agreement July 1st.

THANKS FOR ROUTE 6 HELP

Selectmen will write to Senator William Q. MacLean and Representative Gerry Studds to express thanks for Senator MacLean's active help and legislation, and for assistance of Steve Ford, who is Congressman Studds' aide, in the Selectmen's efforts to return Route 6 to 4 lanes.

POLICE POLICY

Selectmen announced a new policy that will set up a management level in the police department consisting of the office of Chief and Lieutenant. These two officers as managers will not be subject to future raises and allowances negotiated by the Teamsters Union, but will be treated as separate entities.

GRANGE HALL

The Selectmen will seek a Special Town meeting vote toward the disposal of the

Perseverance

EDITORIAL, D.C.J.

With the successful conclusion of the struggle to return Route 6 to a 4-lane road, I'd like to salute the Selectmen of Mattapoisett and Marion who simply would not give up despite the odds. Pitted against an intransigent bureaucracy with such a closed mind that it would not even consider an on site inspection of the road, the Selectmen nevertheless kept up the fight. It was the support of Senator William "Biff" MacLean that was a decisive stroke on the part of the public in this

community who use the road, because Senator MacLean introduced successful legislation to return the road to 4 lanes supported by the chairman of the Marion Board of Selectmen Betsy Parks, who went to Boston to testify in committee, and by all the other Selectmen who sent written endorsements. This legislation, together with the fact that a new D.P.W. Commissioner took over, can be credited with the success. Because the new commissioner, Robert Tierney, proved to be a reasonable man with an open mind who did come down with Senator MacLean to actually view the road in person and because he had the MacLean legislation to back his decision, he made it in favor of the people who use the road. But behind it all the Selectmen exerted the force that would not admit defeat. In the final stages the public led by Tony Pelson and Charles H. Duponte backed them up in numbers that were both visible and vocal.

If you go back to Benjamin Franklin as he left Constitution Hall in Philadelphia after framing the Constitution you find he had his doubts. "What have you given us Mr. Franklin?" was the question. The reply, "It is a constitutional republic if you can keep it." There is plenty of reason today to wonder how far the power of the people has been eroded and lost. Sometimes there is reason to wonder if the people retain any direct say at all in the big government into which we have evolved. This is one of those questionable times.

Thank you to our Selectmen for proving that the people do cling to some vestige of say in this Republic if they will not be denied.

Mr. Franklin might be astounded. I sure am.

highway of Mattapoisett and Marion met on June 16th. It was the opinion of all to wait and see if Route 6 will be changed to four lanes by July 1st as promised. The June 22nd meeting will be postponed for the present. However, the committee suggests that citizens continue to send letters to Senators, Congressmen and Representatives asking for a waiver of the loss of money from the federal government to the state for this change.

Citizens, please write to the following:

LETTER TO THE EDITOR

We recently arrived to open our house on Mattapoisett Neck for the summer. As is my custom, as soon as possible I made my way to our beach. Normally I would expect to find two dozen or more beverage containers among the flotsam there. This year I found only two.

The Sunday following our arrival I walked into the village to get the newspaper. Along the Neck Road between our driveway just south of Molly's Cove and the old railroad right-of-way where in the past the shoulders were heavily littered, I found only five beverage containers.

Cup Plates

DOLLARS FOR SCHOLARS

The MMR Tri-Town Dollars for Scholars Program is offering for sale a cup plate featuring Ned's Point Light. This is the first in a series of limited edition plates featuring various sites of the tri-town area. The plates are designed by the Pairpoint Glass Company and engraved by Andrew Bourbon. The cost will be 7.50

with all proceeds going to the MMR Tri-Town Dollars for Scholars Scholarship Program. Plates are presently available in clear glass and blue-emerald. Other colors will be available in the future. All seconds of this cup plate will be destroyed. This edition will be produced until December 31, 1983.

Ned's Point Light stands at the entrance to Mattapoisett Harbor on Buzzards Bay. Erected in 1883, the lantern stands forty-five feet above the sea. The tower had to be rebuilt in 1888 and still stands today lighting the way for mariners.

The plates will be available at Fairhaven Days (June 25), Mattapoisett Harbor Days (July 16-17), at Seaport Pharmacy in Mattapoisett and from any member of the Board of Trustees.

LLOYD CENTER'S WEEKLY WALK

This week's Weekly Walk on Sunday, June 26th, at 1:30 p.m. at the Lloyd Center for Environmental Studies will address the topic of Field Identification of Wildflowers. Each of those eye-catching colorful blossoms along roadsides and in meadows has a specific shape and arrangement of its various parts that, with a little practice and careful observation, will lead to identification. During this walk these variations in leaf shape and placement and flower structure will form the basis of our explorations. Different approaches to wildflower identification, and the variety of guides available, will be reviewed. Bring a field guide with you if you have one. Please call the Center at 990-0505 to register for this walk.

Weekly walks at the Lloyd Center are open to the public and are free of charge. The Center is located on the Slocum River estuary with trails open to walkers every day from dawn to dusk. The Center building is open from 9 to 5 Tuesday through Sunday.

JAPANESE FESTIVAL

At Rochester Memorial School the third grade classes studied about Japan. On Friday, June tenth, we had a Japanese Festival. Some of Mrs. Keane's boys made volcanoes. They put baking soda in the volcanoes and they erupted. Some of the projects were: fans, tablecloth, lacquered boxes, wind chimes, Roh mask, bankei dish gardens, collage and Haiku. We had a demonstration of the tea ceremony. All the girls had to bring in a doll for girls' day. The boys made carps. They are kites shaped like fish. They stand for courage, strength and bravery. We made Japanese lanterns out of paper. We had a Japanese meal and ate in the courtyard. We had sukiyaki, tea, fried rice and Japanese chicken wings.

Shriners' Football Classic

GERALD LANAGAN OF MATT. ONE OF PLAYERS

When 90 senior all-stars from 74 eastern Massachusetts communities march onto Boston College's Alumni Stadium for a 7 p.m. kickoff on Saturday, June 25th, to compete in the Fifth Annual Shriners High School Football Classic, the real winners will be the hundreds of crippled and burned children up to age 18 who are treated each year free of charge at the Shriners Burns Institute in Boston and the Shriners Hospital for Crippled Children in Springfield. Events such as this and the 52 other Shrine games held annually across the country benefit the 21 crippled and burned units throughout North America.

To give added meaning to the evening's competition, sports and non-sports enthusiasts alike are encouraged to attend an open house at the Shriners Burns Institute, 51 Blossom Street, Government Center, Boston, from 2 to 4 p.m. This event will feature hospital tours, an outdoor concert by the Aleppo Temple Brass Band and free refreshments.

Following this, everyone is invited to

Boston College for a 4 p.m. "bring your own" tailgate picnic. A parade led by the Aleppo Temple Brass Band under the direction of Walter Smith begins the 6 p.m. pre-game festivities. This will be followed by the Shrine Minutemen, bagpipe and Oriental marching bands, flanked by 250 cheerleaders representing 20 schools. Again this year, John Doherty, newly appointed head football coach at Curry College, will lead the crowd in the singing of the national anthem. Throughout the evening, the well-known Shriners clowns will entertain in the stands. The Championship Hull Marching Pirates under the direction of Bob Corcoran will perform during half-time. The introduction of this year's Football King and Queen will culminate half-time activities.

For the fourth year in a row, Converse, Inc. of Wilmington is the official sponsor. Also coming aboard as sponsors this year are Wilmington's Sweetheart Plastics, Inc., Division of Maryland Cup Corporation and Shedad Grotto of Brockton.

Football fans unable to attend the game can watch the excitement on Boston's WLVI-TV (Channel 56) beginning at 7:10 p.m.

Preceding the game, on Friday, June 24th, BC Eagles' quarterback and Heisman candidate Doug Flutie, named Most Valuable Player in the 1981 Shrine Classic, and BC assistant football coach Tommy Coughlin will be guest speakers at a banquet to honor the football players. Among the players playing in this year's Shriners High School Football Classic will be Gerald Lanagan of Mattapoisett (Bishop Stang High School).

Boat Ramp Permit

Beverly Land Trust is seeking permission from the New England Division, U. S. Army Corps of Enginners, to install a concrete boat ramp in Sippican Harbor at Marion, Massachusetts. The 21 x 52 foot concrete slab boat ramp would be installed between existing stone riprap and would be for the private use of the adjacent yacht club.

The application for the federal permit was filed with the Engineers in compliance with Section 10 of the River and Harbor Act of 1899 which provides for federal regulation of any work in, under or over navigable waters of the United States and Section 404 of the Clean Water Act of 1977 which regulates the discharge of dredged or fill material in United States waters, including wetlands.

To assist in evaluating the proposed boat ramp, the Engineers are soliciting public comments. Written statements should be forwarded to their office no later than July 18, 1983. Additional information

CANAL SUMMER PROGRAM ANNOUNCED

The U.S. Army Corps of Engineers, New England Division, has announced its annual Cape Cod Canal Summer Program. Cape visitors and residents of all ages are welcome and all programs are free of charge. The first week of activities will begin on Sunday, June 26; the program will close on Labor Day weekend.

The scenic North Service Road is the site of the Corps' "Bike Hike", held every Saturday at 10:00 a.m. The 7½ mile, 2½ hour tour focuses on all aspects of the Canal, including history, natural history, fishing, ship types, and navigation. A bicycle, water and a light jacket are required. Interested riders should meet the ranger at the Railroad Bridge off Main Street in Buzzards Bay.

On Sundays at 2:00 p.m. a Corps ranger leads a one mile, 2½ hour walking tour of the woodlands overlooking the North Bank of the Canal. Comfortable walking shoes are recommended. The tour begins at the Visitor Center in Bournedale off Route 6.

On Wednesdays and Thursdays at 8:00 p.m. a ranger introduces the Canal via slides, sing-alongs, Cape tales, and guest speakers. After the formal presentation, visitors are welcome to sit around a roaring campfire and toast marshmallows. On Wednesdays, a ranger meets participants at the Grove in Bourne Scenic Park; on Thursdays, at the Beach House in Scusset Beach State Park.

Each Friday at 10:00 a.m. all are invited to a 2 hour tour of Sagamore Hill. Included in the walk are visits to an Indian council ground and a wild cranberry bog. Comfortable walking shoes are recommended. Explorers can meet the ranger at the Scusset Beach State Park Entrance Station.

On July 24 and August 28 at 9:00 p.m.

Glass Museum

The New Bedford Glass Museum is calling for volunteers to help staff its galleries and gift shop for the summer months. A Volunteer Training Workshop is scheduled for Tuesday, June 28th, at 9:00 a.m., and all interested people are invited to attend.

The Workshop will provide basic knowledge of volunteer procedures. For volunteers especially interested in being gallery docents for the summer, a Docent Mini-Course is scheduled to follow the Volunteer Workshop. The Docent Mini-Course will be held from 10:30 to 3:00 on Tuesday, the 28th, and continuing on Wednesday, June 29th, from 9:00 until 11:30 a.m. A lunch break will be included in the Tuesday session.

The New Bedford Glass Museum, documenting New Bedford's 106 years of fine glassmaking, is located at 50 North Second Street in New Bedford's Waterfront Historic District.
